

Brushless DC Servo with Copley Accelus ASP-180-18

EAD® Brushless DC motors

With Copley ASP-180-18 Accelus Amplifier

Features

- NEMA standard size 17, 23, 34, 39 (open frame), and 42.
- Torque 7.5 oz-in to 265 oz-in continuous.
- Speeds to 8,000 rpm
- Smooth Sinusoidal Commutation
- Standard commutating differential encoder of 500, 1000, and 2000 line
- Low profile (0.35 in) commutating single ended encoder option of 500, 1000 and 2000 line.
